FOR IMMEDIATE RELEASE—

Pinnacle chosen by Inc. Magazine 4th Year in a Row

Inc. 5000 List recognizes the top independent entrepreneur companies in America.

BRECKENRIDGE, August XX, 2017 -- For the fourth consecutive year, *Inc.* magazine has ranked [Pinnacle Mountain Homes](#) in its coveted *Inc. 5000*, an annual recognition of the nation's fastest-growing private companies. [Pinnacle Lodging](#), a division of Pinnacle Ventures, was also ranked on *Inc.* magazine's index of America's top independent companies, this being their second year of recognition. Global and national icons like Microsoft, Dell, Domino's Pizza, Pandora and more all count inclusion on the *Inc. 5000* as their first national exposure, and a milestone to the far-reaching success they have achieved today.

"I have an incredible team to thank for this recognition," stated Chris Renner, founder of Pinnacle Mountain Homes. "Everyone who works for Pinnacle, from construction to design to rental management and beyond, they all make this happen. We are a family organization, and we're proud to be the employer of choice in Summit County."

Pinnacle continues to expand its capabilities in Summit County, with the addition of Pinnacle Design Studio in 2016, a full-service interior design company based in Frisco, and Pinnacle Architecture in 2017, a full-service design and build company. The newly formed Pinnacle Mountain Development division is also expanding into commercial projects, with a new music venue underway in Frisco and an impressive new 13,000 square foot office complex in the Whole Foods Basecamp area with modern, open floorplans and enviable rooftop deck views.

"Our motto is Design, Build, Furnish, Manage, Rent," said Renner. "We want to continue providing new opportunities across Summit County, for our employees and our company, but also for anyone who wants to finally find their dream mountain home, or explore a renewed mountain modern interior design, or rely on our locally-based, professionally trained property management services. Or simply find the best mountain vacation rental they can imagine right here in our beautiful Rockies. Pinnacle stands for all of those experiences, and is supported by the best teams in Summit County."

"The Inc. 5000 list stands out where it really counts," says Inc. President and Editor-In-Chief Eric Schurenberg. "It honors real achievement by a founder or a team of them. No one makes the Inc. 5000 without building something great – usually from scratch. That's one of the hardest things to do in business, as every company founder knows. But without it, free enterprise fails."
