Inc. Magazine Unveils 2016 List of America's Fastest-Growing Private Companies

Pinnacle Mountain Homes makes third appearance and Pinnacle Lodging joins the list

BRECKENRIDGE, August 26, 2016 -- *Inc.* magazine ranked [Pinnacle Mountain Homes](#) & [Pinnacle Lodging](#) on its 35th annual ranking of the nation's fastest-growing private companies. The Inc 500|5000 list represents the most comprehensive look at the most important segment of the economy —America's independent entrepreneurs. Companies such as Microsoft, Dell, Domino's Pizza, Pandora, Timberland, LinkedIn, and many other well-known names gained their first national exposure as honorees of the Inc. 5000.

"Having not one, but two companies named to Inc. Magazine's list of 'America's Fastest Growing Private Companies' is an amazing honor for us," stated Chris Renner, owner. "With a streamlined process, absolute transparency and a commitment to our clients' satisfaction we have seen significant growth in both our custom home building and vacation rental businesses. A three-year growth of 80% for Pinnacle Mountain Homes and 123% for Pinnacle Lodging respectively is a testament to our reputation as leaders in our mountain community. And with our launch of Pinnacle Design Studio, we've expanded our approach of serving the full life-cycle of vacation ownership. We now design, build, furnish, manage, and rent many of Summit County's most prestigious vacation properties."

"The Inc. 5000 list stands out where it really counts," says Inc. President and Editor-In-Chief Eric Schurenberg. "It honors real achievement by a founder or a team of them. No one makes the Inc. 5000 without building something great – usually from scratch. That's one of the hardest things to do in business, as every company founder knows. But without it, free enterprise fails."
