Pinnacle Mountain Homes Named a Colorado Companies to Watch Winner 2016

Breckenridge, CO – June 17, 2016 - Pinnacle Mountain Homes announced today that it has been named a Colorado Company to Watch, acknowledging the drive, excellence and influence of Pinnacle as a growing company in the state. Colorado Companies to Watch honors second stage companies that develop valuable products and services, create quality jobs, enrich communities, and create new industries throughout Colorado. These winning companies account for much of the growth and economic independence of individuals throughout the state.

“We are extremely proud to be recognized as a high-performing innovative local company. Our growth over the last 10 years and recent milestone of \$100M in cumulative revenue is a path we will continue to follow. Our progressive and personal approach to disrupting a fairly traditional industry allows us to streamline and inject technology into our process for greater transparency, efficiency and, ultimately, client satisfaction”, stated Chris Renner, Pinnacle Mountain Homes President.

Sean Nohavec, Colorado Companies to Watch Board Chairman added “We are pleased to recognize Pinnacle Mountain Homes for their outstanding contribution in fueling the economic fire of Colorado. Thank you Pinnacle Mountain Homes”.

Colorado Companies to Watch works to recognize the driving economic forces in the state by focusing not merely on growth, but on the true impact and influence of an organization. By focusing on second stage companies across the state, the program offers distinct insight into the state’s economic landscape and recognizes organizations often overlooked for the critical impact they have in their industries, communities and regions, as well as our state as a whole.

About Colorado Companies to Watch

Colorado Companies to Watch, presented by CapitalValue Advisors, is an awards program honoring 2nd-stage companies headquartered in the state of Colorado. The 350 companies that have been honored since the program's inception demonstrate high performance in the marketplace or exhibit innovative products or processes. The program is designed to seek businesses from a wide range of industries throughout the state, not just the major metropolitan areas. The 50 companies selected each year make an astounding impact on Colorado's economy by collectively providing thousands of jobs and contributing millions of dollars in revenue. The Colorado Office of Economic Development and International Trade (OEDIT) launched the program in 2009 in conjunction with the Edward Lowe Foundation and valuable community partners from across Colorado.
