With the Christmas holidays almost upon us, many extended families are getting together. And suddenly you realise there just aren't enough beds for all the little bodies. Here are 24 ways that architects, building designers, joiners and interior designers have found to comfortably fit in as many kids as possible. It just might make your 2020 summer holidays easier.

20. Location: Denver, USA

Designer: [Pinnacle Mountain Homes](#)

Features: A place fit for all the family.
